PHY 110 in Summer I 2018

May 30 – July 3, 2018

Do you want to spend your summer more productively?

Do you want to fulfill your divisional requirements while exploring the mysteries of nature?

Grab a seat before they’re gone!

PHY 110 Introductory Physics
(4 credit hours)

Course Attributes:  Div PHY, Div V - PHY, QR

A conceptual, non-calculus, one-semester survey of the essentials of physics, including mechanics, wave motion, heat, sound, electricity, magnetism, optics, and modern physics.

~~~ Not recommended for premedical, mathematics, or science students.  ~~~

A student who has credit for PHY 111, 113, or 114, or is currently taking PHY 113 or 114, may not register for PHY 110.

Lab - 2 hours (D, QR)

Summer Session I:  May 30 - July 3, 2018
Lecture:  51753 - MTWRF 9:30am-1:00pm
Lab:  51758 - TBA

Contact:  Dr. Bin He  -  Olin 108A / hebin@wfu.edu
